Nuisance Bear Contact Numbers

The following will be the contact numbers regarding nuisance bear control:

Nuisance Bear Concerns

Toll Free Hotline – 1-866-514- Bear (2327)

Life Threatening Bear Emergencies

O.P.P – 9-1-1

Non-natural attractants intentionally, or unintentionally, made available to black bears account for the majority of human-bear conflicts. The preferred management option is to remove or render the attractants unavailable to bears.

Only after the attractants have been eliminated, will the Ministry of Natural Resources be removing the nuisance bear(s) from the area, as the same bear(s) or others will continue to revisit the site as long as the attractants exist.

Garbage Box

Spot Checks & Industrial Bins

The Municipality will be completing garbage box spot checks during the Restricted Disposal Period. By-Law No. 530-04 states that **No garbage shall be put out prior to the day of garbage pick up.**

By-Law No. 530-04 has been amended to include that **all industrial bins shall be bear resistant.** Bear resistant shall mean a container of sturdy metal construction that has a bear resistant latching system on the lid. The container must be placed in a secured area or have a locking system that cannot be opened without a key or padlock.

If a person is caught violating this By-Law, a ticket may be issued.

If you have any questions, please contact the By-Law Department at 735-2096 ext.225

**NOTICE
RAHILL BEACH ROAD**

Premier Gold Mines completed exploration drilling in the Rahill Beach area over the winter and the drill has damaged sections of Rahill Beach Road. Premier Gold Mines has approached the Municipality and has offered to pay for the repairs to the road. These repairs will be completed when the paving contractor is in our area.

Premier Gold Mines and the Municipality of Red Lake apologize for any inconvenience that this may cause.
