BEAR PROOFING THE COMMUNITY

The Province of Ontario has established the Bear Wise Community Funding Program led by the Ministry of Natural Resources to facilitate the awareness and prevention of human-bear conflicts. The Municipality was successful in receiving funding through this program and has started to Bear Proof the Community.

We have purchased bear proof containers for all community beaches. The area dumpsters are also being bear proofed. These waste disposal containers only work well if the public uses them properly. If you use one of these containers, please ensure that it is properly latched so bears are unable to gain access to the waste. Keep all garbage sites clean.

The main objective to the bear proofing is to stop the problem before it starts. By minimizing or eliminating the chances that bears will get into garbage, residents can help to prevent the bears from being rewarded the first time.

Remember, prevention is the best medicine!

The Red Lake Regional Heritage Centre

is proud to present

Three Centuries of Fur Trading

and a Travelling Exhibit called

'David Thompson, Canada's Greatest Geographer',
produced by the Archives Association of Ontario.

Relive fur trading history through a replica of a typical Hudson's Bay trading post. Learn about the impact of the fur trade on the development of both Red Lake and our nation.

Also new at the Heritage Centre:

Portraits of Red Lake

Featuring 17 stunning historic photographs representing various aspects of Red Lake history, enlarged and mounted 10 feet above the exhibits.

Please note that the Heritage Centre will be open seven days a week starting on May 19th, 2007.
