nature of the business to be discussed
and to which the said person shall
confine their remarks.

Agendas can be picked up at the
Municipal Office after 3:00 p.m. on the
Friday before the Meeting.

NOTICE OF PASSING OF BY-LAW 943-07

RE: BY-LAW NUMBER 943-07 TO ENACT RULES AND ESTABLISH CHARGES FOR THE USE, OPERATION AND MAINTENANCE OF A SYSTEM OF WATER WORKS AND SEWAGE WORKS IN THE MUNICIPALITY OF RED LAKE

NOTICE is hereby given that the Council of The Corporation of the Municipality of Red Lake has passed By-Law Number 943-07 at the Regular Meeting of Council held Tuesday, November 6th, 2007, to enact rules and establish charges for the use, operation and maintenance of a system of water works and sewage works in the Municipality of Red Lake.

A copy of the By-Law is available for inspection in the Municipal Office between the hours of 8:30 a.m. and 4:30 p.m. Monday to Friday.

NOTICE TO ISLAND RESIDENTS

The Operations Department will be removing the Ferry when it can no longer be safely operated. One of the safety concerns is that the propeller does not have a guard in place, however the guard will be installed over the winter. By installing the guard, it does not guarantee that the Ferry will stay in any longer next year, as Transport Canada has made it quite clear that the Ferry is not to be utilized to break ice. The guards will allow the Municipality to continue to operate the Ferry during fall conditions, as the propeller will be protected. The Municipality will continue to keep the channel open as long as possible, by operating 24 hours per day. The Boat Captains, along with the Operations Supervisor and/or Operations Superintendent, will determine when the Ferry is to be removed. The decision for removal of the Ferry is for the safety of the Passengers, Municipal Employees and the Ferry itself.

ADOPT A CHILD OR FAMILY FOR CHRISTMAS

Well it's getting close to that time of year again. As some of you are aware, this project began last year in our area and was such a tremendous hit that our office would like to extend the same challenge this year.

Some of our Ontario Works recipients struggle on a regular basis to provide for their families and do not have extras. This Christmas why not adopt a child or an entire family and live the true meaning and spirit of Christmas. The families you help will be very grateful for any support.

I encourage any service group, community agency, school, business, association department or individual to get involved. If you would like to participate in this challenge, please contact Gail at 735-2096 ext. 224, and I will provide your group with your child's age and gender.

In the true spirit of Christmas, Gail Schugmann

PLEASE NOTE CHANGE OF MEETING TIME

The November 20th, 2007, Regular Meeting of Council scheduled to start at 6:00 p.m. will start at **5:00 p.m.**

PROCLAMATION

As Mayor of the

Municipality of Red Lake

I hereby proclaim the week of

November 18 – 25, 2007

as

"Restorative Justice Week 2007"

in the Municipality of Red Lake.

Phil T. Vinet, Mayor

LEST WE FORGET

THE RECREATION DEPARTMENT IS REQUESTING INPUT

The Recreation Committee is requesting input from Residents of the Municipality of Red Lake, regarding the needs/wants you would like to see addressed in our Municipality. If you would like to see a new playground, beach improvements, and activities for seniors, etc., please forward any ideas to 727-2089, or e-mail: recreation@red-lake.com.

**NOW SHOWING AT THE RED LAKE REGIONAL HERITAGE CENTRE****CRY OF THE LOON**

In recent years, the loon, with its sleek beauty and intricate pattern of black and white feathers, has taken on special significance—it has become a symbol of our northern wilderness. Its eerie, haunting cry conjures up images of our lonely northern lakes and inspires us to think about ourselves and our place in the wild.

This exhibit will focus on the conservation of the Common Loon. Throughout the exhibit, visitors will be introduced to human activities that threaten the survival of the loon. Measures that individuals can take to help conserved loons and their habitat will also be an important part of the exhibit.

This exhibit was made possible through financial assistance in part by Goldcorp Inc.

NOTICE TO RESIDENTS PROPOSING TO CONSTRUCT A BUILDING**REQUIRED LIST OF PLANS OR WORKING DRAWINGS**

One copy of the following to accompany an application for a building permit

1. **The Site Plan** showing the location of all structures and separation distances between buildings and setback distances from lot lines. NOTE: all projections of buildings beyond the foundation such as chimneys, bay windows, decks, balconies, porches, etc. must be shown. Indicate North direction and all access walkways, driveways and/or parking areas, septic fields, drainage ditches or drywells.
2. **Foundation Plans** indicating substrata and water table depth, size of footings, grade beams, pile caps, type and compaction of backfill, drainage and/or works.
3. **Floor Plans** showing the locations and dimensions of ALL rooms and suites, doorways, windows and their occupancy uses.
4. **Framing Plans** showing all dimensions, spacing and types of all materials including lamination details of all built up beams, headers and posts.
5. **Roof Plans** indicating all standard trusses, girder trusses, jack trusses, rafters, flat areas, hips, valleys and chimneys and roof pitch(s).
6. **Reflected Ceiling Plans.**
7. **Sections and Details** of all walls, floors and roofs.
8. **Building Elevations** and grade level.
9. **Electrical Drawings** showing the location of all panels, switches, fixtures, smoke alarms and CO detectors, emergency lights and exit signs.
10. **Heating, Ventilating and Air Conditioning Drawings** indicating location of all pumps, tanks, and ducts, and showing all duct, pipe and register sizes. Heat recovery Ventilator if required must be shown
11. **Mechanical Plans** for all in-floor or radiator hot water heating systems, fire protection standpipes and sprinklers indicating location of all hose stations, sprinkler heads and fire department connection.
12. **Plumbing Plans** and schematic layout indicating all pipe sizes and location of clean outs, hot water tanks and plumbing fixtures.

NOTE: **Plans prepared by a person who is not the property owner must bear the BCIN of the person or firm producing the plans if such person is not an architect.** A BCIN is issued by the Ontario Ministry of Municipal Affairs and Housing on an annual basis and current registration will be verified before an application using such plans is processed.
