REJUVENATION IN NORSEMAN PARK

The Communities in Bloom Committee is about to embark on their summer projects, one of which is the rejuvenation of Norseman Park and other municipal areas.

A landscape expert who was invited to visit the area last year has recommended drastic pruning and soil amendment. The drastic pruning entails the removal of all old wood and is necessary to foster new growth.

The plans for this project have been reviewed and approved by Council. Actual work in Norseman Park and other selected areas will begin in mid-May and will continue throughout the summer.

NOTICE TO RESIDENTS

The Municipality of Red Lake will be completing sewer line maintenance in Balmertown and Hwy. 618 in Red Lake from Prospect Street to Buffalo Street. This type of maintenance may cause backwashes into your basement drains and/or washrooms.

You will be notified 48 hours prior to the cleaning/inspection taking place on your street.

Steps you should take before the sewer cleaning/inspection.

Occasionally during cleaning and inspection, air pressure in the sewer can cause water to splash out through toilets, sinks and drains. Please take the following precautions to prevent water damage in your home:

- Close the lids on all toilet bowls when not in use.
- Insert drain plugs in all sinks and bathtubs when not in use.
- Remove all floor mats in bathrooms.
- Place an old towel around the base of toilets.
- If you have a float plug in your floor drain or a backwater valve installed in your house, ensure that it is free of debris and operating properly.
- Wrap the cover of your basement floor drains with plastic (i.e., a freezer bag). Place a heavy object over the floor drains to keep the plastic-covered drain covers in place.

You may put things back as they were when the equipment has moved off your block.

During and after the sewer cleaning/inspection

Sometimes the sewer cleaning and inspection leaves an odour in the home. If so, run some water down the sink and bathtub drains, flush the toilets, pour a pail of water into each basement floor drain, and open the windows. After a short time, the odour should disappear.

If you have any questions or concerns regarding this work, contact our Operations Department.

Telephone 727-2597 during regular business hours, Monday – Friday, 8:30 a.m. – 4:30 p.m.

Telephone 727-2597 after regular business hour for emergencies only.

The Municipality apologizes for any inconvenience that this may cause.
