## Fire Prevention Week

October 6 - 12, 2013

### Prevent Kitchen Fires

- Watch what you heat
- Drink responsibly while cooking
- If a fire occurs, get out immediately and CALL 911

### **PREVENT KITCHEN FIRES**

The best way to prevent kitchen fires is to never leave cooking unattended, even for a few minutes. Unattended cooking is the leading cause of home fires and injuries in the Province.

#### Important steps to prevent kitchen fires include:

- Pay attention when cooking – especially if you are using oil or high temperatures. If you must leave for any reason, turn off the stove.
- Wear tight-fitting or rolled up sleeves when using the stove. Loose, dangling clothing can easily catch fire.
- Keep a proper fitting lid near the stove. If a pot catches fire, slide the lid over the pot and turn off the stove.
- Never attempt to move a burning pot.
- Keep items such as cooking utensils, dishcloths, and pot holders a safe distance from the stove.
- Keep a close eye on anyone in your household who is drinking and attempts to cook.

### **KNOW WHAT TO DO IF YOU HAVE A COOKING FIRE**

- When cooking on the stove, keep a proper fitting lid close by.
- If a pot catches fire, slide the lid over the pot to smother the flames and turn off the stove.
- Never attempt to move a burning pot.
- If you have a fire in the oven, turn it off and keep the door closed.
- **GET OUT IMMEDIATELY AND CALL 9-1-1.**

The Red Lake Fire Rescue Service will be holding a number of events throughout the week to raise public awareness about Fire Prevention Week and the importance of preventing kitchen fires.

**Red Lake Regional Heritage Centre - Closure**

Please note that the Red Lake Regional Heritage Centre will be closed to the public from October 11<sup>th</sup> to October 18<sup>th</sup> for private meetings. Regular hours will resume on Monday, October 21<sup>st</sup>.

Thank you for your understanding.
