Update – Events Centre Feasibility Study

Council has established and appointed a Project Management Team who will be tasked at providing oversight and guidance as it pertains to the Events Centre Feasibility Study initiative. Members of this Project Management Team will see the initiative through completion to the point of tendering (if deemed to be required).

Stay tuned for updates on this initiative as the project progresses.

Municipal Donation Requests

Pursuant to Council Policy 1.5 – Donations, all requests for municipal donations require a “Municipal Donations Application Form” be completed and submitted to the Clerk’s Office for consideration.

All donation requests are considered on a first come first served basis. Monetary donation applications for 2017 must be submitted no later than February 28th, 2017.

A copy of the Donations Policy and attached Application Form is available online at www.redlake.ca or can be picked up at the Office of the Clerk, Municipal Office, Balmertown, between the hours of 8:30 a.m. and 4:30 p.m., Monday to Friday.

Notice – Amendments to Street Sign By-Law

The Council of The Corporation of the Municipality of Red Lake passed the following By-Law at its Regular Meeting of Council held on Monday, September 19th, 2016:

- By-Law to Regulate the Speed of Motor Vehicles and Erection of Municipal Street Signs

The amendment relates to the installation of stop signs in the new Kelson Farm subdivision.

A copy of the proposed By-Law is available for inspection at the Office of the Clerk, Municipal Office, Balmertown, between the hours of 8:30 a.m. and 4:30 p.m., Monday to Friday.

Flying Drones Safely & Legally

Transport Canada recommends the following guidelines are followed when flying drones. Failure to do so could put lives, aircraft and property at risk.

Always

- Fly your drone during daylight and in good weather (not in clouds or fog).
- Keep your drone in sight, where you can see it with your own eyes – not only through an on-board camera, monitor or smartphone.
- Make sure your drone is safe for flight before take-off. Ask yourself, for example, are the batteries fully charged? Is it too cold to fly?
- Know if you need to apply for a Special Flight Operations Certificate.
- Respect the privacy of others – avoid flying over private property or taking photos or videos without permission.

Do not fly:

- Closer than 9 km from any airport, heliport, or aerodrome.
- Higher than 90 metres above the ground.
- Closer than 150 metres from people, animals, buildings, structures, or vehicles.
- In populated areas or near large groups of people, including sporting events, concerts, festivals, and firework shows.
- Near moving vehicles, highways, bridges, busy streets or anywhere you could endanger or distract drivers.
- Within restricted and controlled airspace, including near or over military bases, prisons, and forest fires.
- Anywhere you may interfere with first responders.
