GREEN WORKING GROUP TIPS - CORRECTION

The Green Working Group would like to apologize to the citizens of the Municipality of Red Lake for misinformation contained in the Green Working Group Tip in the June 3rd, 2004, Municipal Newsletter. We have been advised that there is **no danger to children and pets from Swiffer WetJet**. The warning message, which we passed on, is **not true**. For more information you may visit the following website which gives a clear and detailed explanation: <http://www.snopes.com/critters/crusaders/swiff.asp>.

The Green Working Group was in error sending a tip to the Municipality, which had not received adequate research. But, thank you to all who read our Tips. We hope the useful and accurate information outweighs this mistake.
